Product Discontinued

5/17/16

PRODUCT NAME: Strobe Lamp

WELDON PART NUMBERS: 2604 Series

OVERVIEW

The strobe tubes originally used to build these lamps are no longer available. We will continue to offer replacement lenses. This change affects the following style numbers:

2604-0000-10	STROBE, QUAD FLASH, RED 12V
2604-0000-20	STROBE, QUAD FLASH, AMBER 12V
2604-0000-30	STROBE, QUAD FLASH, CLEAR 12V
2604-0000-40	STROBE, QUAD FLASH, BLUE 12V
2604-0000-50	STROBE, QUAD FLASH, RED W/ CLEAR 12V
2604-0000-60	STROBE, QUAD FLASH, CLEAR W/ RED 12V
2604-0000-80	STROBE, QUAD FLASH, BLUE W/CLEAR 12V
2604-0024-10	STROBE, QUAD FLASH, RED 24V
2604-0024-20	STROBE, QUAD FLASH, AMBER 24V
2604-0024-30	STROBE, QUAD FLASH, CLEAR 24V
2604-0024-40	STROBE, QUAD FLASH, BLUE 24V
2604-0024-50	STROBE, QUAD FLASH, RED W/CLEAR 24V
2604-0024-60	STROBE, QUAD FLASH, CLEAR W/RED 24V
2604-0024-80	STROBE, QUAD FLASH, BLUE W/CLEAR 24V

ALTERNATIVE PRODUCT CHOICES

V26 Diamondback™ V-LED Perimeter Warning Light

The Diamondback is an excellent replacement for this strobe with only a slight difference in mounting hole pattern. The V26 Diamondback has a 5.75" mounting hole spacing and the 2600 had a 5.26" spacing. The Diamondback is also narrower: 1.85" while the strobe was 2.5".

AVAILABILITY

Change is effective immediately

SPECIFICATION (of alternative product)

A 26volt Diamondback LED Warning Light Head shall be provided. It shall be made available in 2"x6", 3"x4", 3"x7", 4"x6", & 7"x9". Independently controlled LED segments shall allow for multiple flash pattern options. Lamp shall be completely reconfigurable via wireless download without removing lens or lamp from vehicle.
